**Call 218-223-8211 for availability.**

*Not valid for current reservations.*

### **Summer fishing at the NW Angle of Lake of the Woods**

We have a great population of population of walleye, sauger, muskie, perch, crappie, northern pike and smallmouth bass.

- Walleye - We can always catch walleyes at the NW Angle and limits are the norm. But, you can't beat Memorial Weekend because the fish are all in shallow. You've got the lake to yourself as kids are still in school. The fall is great because the fish are following the emerald shiners around and the walleyes stack up in the bays.
- Sauger - 34 feet, deep in the mud & sand all year round
- Muskie - End of June the season opens, the best time is in the fall when you can troll for them versus casting all day earlier in the summer.
- Perch - It's hard to target perch but it's good bonus fish and when you do find them they are

good sized.

- Crappies - Most years we can find crappie in May. Harder to find during the summer, look for them to start up again in September.
- Northern pike - LOTW has better than average pike fishing year round.
- Smallmouth bass - All of June when they are moved up shallow on their beds

---

### **Upgraded boat rentals!**

We traded up two boats and are getting two new ones for the 2016 season! Same kind just new.

18ft Lund Outfitter, 60 Hp motor, trolling motor, GPS with LakeMaster chip and graph, depth finder on front trolling motor and back (graph), live well and net.

\$165.00 per day, gas & bait extra

---

### **Sunset Lodge now offers guests the option to pre-pay or pay in full at check in!**

In order for us to provide better customer service to our larger groups and alleviate congestion during group checkouts, we are now taking pre-payments from groups of 5 or larger. We would prefer one payment, if possible.

We will contact you a few days before you arrive to confirm your reservation details and to receive payment. (Deposits are the only amount that is held for use up to one year if you end up cancelling within 30 days of your scheduled arrival date.) You may also pay by phone any time between now and your scheduled trip if that is easier.

Other arrangements can be made for the 2016 year such as pay in full at check in or a scheduled time for check outs closer to the end of your stay.

We are willing to work with groups to find out what works best for them as we switch over to this new payment process.
